**100  
DAYS OF  
SCHOOL!**

Dear Parent(s),

February 14th will be our one hundredth day of school! We are planning to have a celebration to reinforce counting up to 100 and recognizing groups of 100 in a variety of ways. In preparation for the event, grade one students are being asked to:

1. Brainstorm items that you and your family could easily collect to build a set of one hundred.
2. Choose something from your list and gather one hundred objects of that item.
3. Design a unique way to display our collection. You may decide to show sets of objects in groups that add up to one hundred. You might show groups of two, five, ten, twenty or fifty to build 100. Some materials may include pasta, toothpicks, cards, buttons, toys, etc. Be creative! (Or not - no pressure!)
4. Be sure you have exactly one hundred items in your display or collection. Practice counting to one hundred at home with the objects in the display before bringing your project to school.
5. Please have your child bring his/her collection of one hundred things to school on Wednesday, February 12th.
6. Thank you for your assistance and participation! The kids love to show their collections to their friends.

God's Blessings,

Mrs. Christensen
